

# BISHOP MULE DAYS

WITH CALIFORNIA HEARTLAND

LUANNE AND BRENDA SAY HI TO THE GOOD LOOKING MULES

## It's been a busy week for Calif. Heartland

Most of us arrived in Bishop on Monday and got settled in at our dusty lot. We took a side trip up to Sabrina Lake and an afternoon to Laws Railroad Museum all before the official start of Mule Days.

Of course we have to eat so we had a great "Pot Luck" our first night at our campground. Kim and Sandy did a great job lining everything up for the week.

# Bishop Mule Days parade...

EVERYONE LOVES A PARADE AND WE HAD SOME CHOICE SEATS AFTER SETTING UP OUR CHAIRS A FULL DAY BEFORE THE PARADE.

Our trip to Bishop was a wonderful time. The first few days the weather looked stormy with some rain and wind. The mules put on a great performance for the crowd. On Sunday night they gave us a wonderful memorial for the veterans with the mules carrying flags on every mule. We also took a side trip to the Laws Railroad Museum and Sabrina lake up at 8500 feet with some light snow flakes. All in all it was a wonderful time despite the dust and dirt in the dry camp area.

This was a scramble. Everyone had to find their mule and fully pack it and race across the arena.
